

The FS Classic

A traditional design re-imagined in the heart of the Pacific Northwest for durability and performance

created
from a life
of adventure
and passion
for nature

Hey there!

Swellfish Outdoor Equipment Co. is a family-owned business that was started in 2017. It is driven by our family history of boating and adventure and our love of spending time in nature. Everyone should have the opportunity to explore the great outdoors, and that's why we're dedicated to creating products that make it easy and fun for you to do just that! Our customers drive us to keep innovating and introducing new ideas to help you experience the joy of nature. Whether you're a seasoned adventurer, fisherman, hunter, or just starting out, we've got something for you.

Your next adventure starts here!

engineered to take on the pacific northwest

From the very beginning, the FS Classic has been the most popular and versatile boat from Swellfish, tailored for adventure seekers, hunters, and the most discerning fishermen. Swellfish has meticulously engineered this rugged boat to conquer even the harshest environments, with reinforced high-wear areas and top-quality materials. The FS Classic, like all of our boats, boasts thermal-welded seams, aluminum transoms, and a design that is custom-tailored to the needs of our customers and their adventures.

Stay Organized

Every FS Classic comes with a bow bag, under-seat bag, and Storage bag for the boat and the floors. We even include utility lashing on the inside of the tubes for holding oars or securing cables.

Aluminum Advantage

The aluminum floors are light and easy to install. The benefit over other options is that aluminum floors are more stable, transfer the outboard's power more efficiently, and help create a deeper V hull.

Standard features

Like all of our boats, the FS Classic features a high-vis wrap-around lifeline, fully adjustable seating, and more expansive interior floor space than similar boats.
